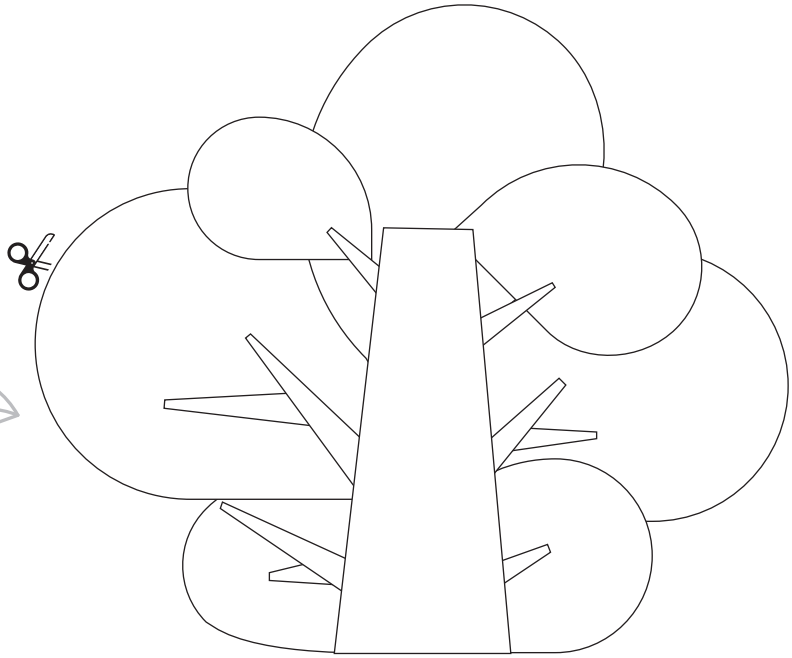
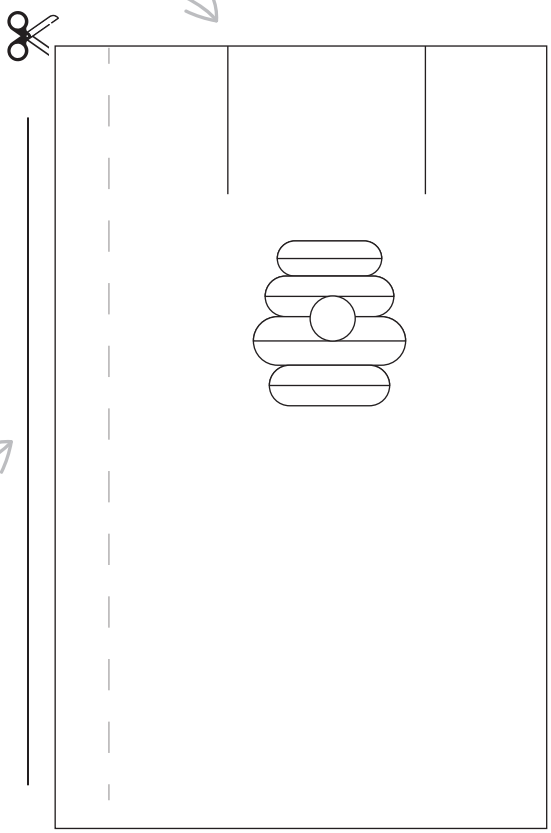
Vamos fazer uma árvore?



Começamos pelas folhas, recortando a toda a volta.

Depois, passamos ao tronco!

1. Recortar a toda a volta.
2. Fazer dois pequenos cortes nestas linhas.
3. Aplicar um pouco de cola (ou fita-cola!) ao longo desta zona.
4. Enrolar e colar!



Encaixamos as folhas nos cortes do tronco...
E vamos brincar!
